**§ 600.746 Observers.**

(a) *Applicability.* This section applies to any fishing vessel required to carry an observer as part of a mandatory observer program or carrying an observer as part of a voluntary observer program under the Magnuson-Stevens Act, MMPA (16 U.S.C. 1361 *et seq.*), the ATCA (16 U.S.C. 971 *et seq.*), the South Pacific Tuna Act of 1988 (16 U.S.C. 973 *et seq.*), or any other U.S. law.

(b) *Observer requirement.* An observer is not required to board, or stay aboard, a vessel that is unsafe or inadequate as described in paragraph (c) of this section.

(c) *Inadequate or unsafe vessels.* (1) A vessel is inadequate or unsafe for purposes of carrying an observer and allowing operation of normal observer functions if it does not comply with the applicable regulations regarding observer accommodations (see 50 CFR parts 229, 285, 300, 600, 622, 648, 660, 678, and 679) or if it has not passed a USCG safety examination or inspection. A vessel that has passed a USCG safety examination or inspection must display one of the following:

(i) A current Commercial Fishing Vessel Safety Examination decal, issued within the last 2 years, that certifies compliance with regulations found in 33 CFR, chapter I and 46 CFR, chapter I;

(ii) A certificate of compliance issued pursuant to 46 CFR 28.710; or

(iii) A valid certificate of inspection pursuant to 46 U.S.C. 3311.

(2) Upon request by an observer, a NMFS employee, or a designated observer provider, a vessel owner/operator must provide correct information concerning any item relating to any safety or accommodation requirement prescribed by law or regulation. A vessel owner or operator must also allow an observer, a NMFS employee, or a designated observer provider to visually examine any such item.

(3) *Pre-trip safety check.* Prior to each observed trip, the observer is encouraged to briefly walk through the vessel's major spaces to ensure that no obviously hazardous conditions exist. In addition, the observer is encouraged to spot check the following major items for compliance with applicable USCG regulations:

(i) Personal flotation devices/immersion suits;

(ii) Ring buoys;

(iii) Distress signals;

(iv) Fire extinguishing equipment;

(v) Emergency position indicating radio beacon (EPIRB), when required; and

(vi) Survival craft, when required.

(d) *Corrective measures.* If a vessel is inadequate or unsafe for purposes of carrying an observer and allowing operation of normal observer functions, NMFS may require the vessel owner or operator either to:

(1) Submit to and pass a USCG safety examination or inspection; or

(2) Correct the deficiency that is rendering the vessel inadequate or unsafe (e.g., if the vessel is missing one personal flotation device, the owner or operator could be required to obtain an additional one), before the vessel is boarded by the observer.

(e) *Timing.* The requirements of this section apply both at the time of the observer's boarding, at all times the observer is aboard, and at the time the observer is disembarking from the vessel.

(f) *Effect of inadequate or unsafe status.* A vessel that would otherwise be required to carry an observer, but is inadequate or unsafe for purposes of carrying an observer and for allowing operation of normal observer functions, is prohibited from fishing without observer coverage.

[62 FR 23669, May 1, 1997, as amended at 63 FR 7075, Feb. 12, 1998]

### § 600.751 Determination of need for a fishery negotiation panel.

A Council or NMFS may establish an FNP to assist in the development of specific fishery conservation and management measures. In determining whether to establish an FNP, NMFS or the Council, as appropriate, shall consider whether:

(a) There is a need for specific fishery conservation and management measures.

(b) There are a limited number of identifiable interests that will be significantly affected by the conservation and management measure.

(c) There is a reasonable likelihood that an FNP can be convened with a balanced representation of persons who:

(1) Can adequately represent the interests identified under paragraph (b) of this section.

(2) Are willing to negotiate in good faith to reach a consensus on a report regarding the issues presented.

(d) There is a reasonable likelihood that an FNP will reach

a consensus on a report regarding the issues presented within 1 year from date of establishment of the FNP.

(e) The use of an FNP will not unreasonably delay Council or NMFS fishery

management plan development or rule-making procedures.

(f) The costs of establishment and operation of an FNP are reasonable when compared to fishery management plan development or rulemaking procedures that do not use FNP procedures.

(g) The Council or NMFS has adequate resources and is willing to commit such resources, including technical assistance, to an FNP.

(h) The use of an FNP is in the public interest.

### § 600.752 Use of conveners and facilitators.

(a) *Purposes of conveners.* A Council or NMFS may use the services of a trained convener to assist the Council or NMFS in: (1) Conducting discussions to identify the issues of concern, and to ascertain whether the establishment of an FNP regarding such matter is feasible and appropriate.

(2) Identifying persons who will be significantly affected by the issues presented in paragraph (a)(1) of this section.

(b) *Duties of conveners.* The convener shall report findings under paragraph (a)(2) of this section and shall make recommendations to the Council or NMFS. Upon request of the Council or NMFS, the convener shall ascertain the names of persons who are willing and qualified to represent interests that will be significantly affected by the potential conservation and management measures relevant to the issues to be negotiated. The report and any recommendations of the convener shall be made available to the public upon request.

(c) *Selection of facilitator.* Notwithstanding section 10(e) of the Federal Advisory Committee Act (FACA), a Council or NMFS may nominate a person trained in facilitation either from the Federal Government or from outside the Federal Government to serve as an impartial, neutral facilitator for the negotiations of the FNP, subject to the approval of the FNP, by consensus. The facilitator may be the same person as the convener used under paragraph (a) of this section. If the FNP does not approve the nominee of the Council or NMFS for facilitator, the FNP shall submit a substitute nomination. If an
